personal moments

"My most memorable moment at CMA was when I was doing the ACT workshop. I came back from the lunch break, and my platoon seargent, SFC Montenegro looks at me, shoves me, and says, "Hey Corporal". Apparently they had a GO that I missed. However it is the facial expression I remember explicitly. It was that "I'm proud of you look but do not really care look", that he rarely has. That is my most memorable moment."

Samed Heydarov
(Baku, Azerbaijan)

"The most memorable thing that happened at Camden Military Academy this year was making history for the JV football team by winning our first game. It was the first game we won in about 5 to 6 years. It's really memorable, because people doubted us, and we shut them up because we stepped up and took control of the field. After that win, we were the talk on campus. Staying here until my senior year, I look forward to getting my upcoming teammates to make more records and have younger people maybe look up to us."
