# Cassandra Marie Hill

Cassy,

It was only yesterday that our pretty little girl started kindergarten, and now we have a beautiful young woman graduating from high school. You have always been the sunshine that brightened our days and warmed our hearts. Now that you are preparing to expand your horizons and explore new places, the world is about to become brighter and warmer for everyone you touch. Knowing this is the only thing that makes your leaving bearable. Never settle for second best; set your sights on what you want and go for it.

We love you,
Mom and Dad

Hey Cassy,
I just wanted to tell you how much I love you and care for you. We have been through a lot together over the years, and I have learned what family is all about. I want you to know no matter what I will always be there for you!! I love you very much!

Your sister, Whit
