A JR./SR. BLOWOUT

After the prom, three days of fun ended the year with a bang!

After a long day of school and getting ready for prom many students were ready for vacation. While most students went to the beach or Downtown Charleston, others decided to stay at home and relax.

After months of planning, it seemed like forever until the weekend of May 22 finally came. Students wanted this weekend to be one of the most memorable ones of their high school careers.

The weekend was spent enjoying time with their friends and soaking up rays. Many students rented beach houses at Edisto Beach for the weekend.

Arriving in style, many students decided to rent limos to escort them to prom and then to the beach.

"I had a great time going to the Cabana and playing volleyball during the day and partying all night," quoted junior Justin Mears.

During the day, students played volleyball, went swimming, soaked up some rays or just hung out in the air conditioned comfort of their house. But after a quick shower and a little freshening up, everyone was ready to go out and party. With extra cops on duty, partying was kept to a mimimum.

"I had a great time at the beach after prom. Prom was great but laying out with my friends during the day and partying at night topped off the end of the year," said junior Adair Wilkins.

Many students made new friends and formed closer relationships with thier exsisting friends.

"It was great being able to hang out with all my senior friends one last time before they went away to college. We all had a blast!" sophomore Amanda Morrissey exclaimed.

With schools being closed on Monday because of Memorial Day, it was nice to have an extra day to recover from the funfilled weekend.
