

Seniors Say Good-Bye

We, the Class of 1989, will cherish the memories of our years here at AJA forever in our hearts and minds. Although many new doors will be opened to us, our beginning in the halls of AJA will be a guiding force in our future plans. Each teacher from the beginning to the end has been a great source of guidance and friendship. Because of them, our choices will be easier. The door to this part of our lives will soon be closed; but we look forward to the doors that will be opened.
