

## School Traditions

The freshmen of AJA express their views about school traditions such as school spirit, sports, and having Fridays off. Joy and Britt feel that school spirit brings out the pride in our school, and everyone should get involved. The freshmen that participate in sports feel that others should be involved. Steven loves football and other sports. Amy said that playing sports is the best part of attending school. Others like all the sports that AJA has to offer to them. Most freshmen of AJA enjoy having Fridays off. Elizabeth stated that it gives her extra free time to do many things. While Britt enjoys hunting, Tina enjoys going shopping. Steven likes the extra day to sleep late. Having Fridays off gives them a longer weekend and that extra day to sleep.
