Classy Juniors

As a new school year comes around so does a fresh group of Juniors. Two important activities a Junior participates in is buying their class rings and preparing the prom.

Elizabeth Nipper says that the best thing about the prom is surprising the Seniors. Leigh Close remarked that it is expensive while Jason Peek exclaimed that it is a wonderful blast.

Leigh Lightsey thinks buying class rings are fun because you get to pick out and buy what you want. Ron Carter says it is an expensive investment and Ralph Polk says it signifies you are a Junior.

Being a Junior involves alot of hard work and these Juniors dedicate their time wisely.
