# A Final Farewell To The Class Of 1991!

” ”

“ “

“Mo,”

Our little girl we love so much  
Has grown up before our eyes  
The years we had were much too short  
The time just seemed to fly.

The thumb and little blanket  
You loved so very much  
The monkey that you played with  
Too soon were given up.  
Things that now replace them  
The cheers and all the jumpshots  
Have given us much joy  
We'll miss seeing you play with . . .

All of your Big Girl toys.  
Love you always,

Missy,

You have been a joy in my life since the first moment I saw you. Words cannot express how proud I am to be your Mom, and that will never change. Trust in yourself and you will do well and go far. KEEP SMILING!

With lots of love,
