If you can ever get a word out of your mouth you're lucky. Surely that's what teacher Mrs. Lois Fulmer thinks.

Ariel is the only girl in a group of very active boys. The class enjoys making things, writing stories, drawing pictures and playing at recess.

At recess Jordan likes to play cops and robbers. Garrett and Ryan enjoy the merry-go-round. Wade likes the slide.

All the students look forward to second grade but think the books will be bigger and they'll have lots more homework.
