

Dedication

We are pleased to dedicate the 1999 Jacksonian to a gentleman who has done a great deal for Andrew Jackson Academy since he accepted the position of Headmaster in 1996 ...

Mr. William Brannen

Mr. Brannen has proven to be a man of great wisdom, patience and experience as he makes decisions to advance students as well as AJA's reputation in general.

Mr. Brannen has set personal goals he wants to see accomplished while he is serving Andrew Jackson. At the top of his list is improving the academic program and we have seen results of that through testing on the SAT and OSLAT and STAT 9. We know that scores will continue to rise because of the curriculum and choice of highly qualified faculty members.

We applaud Mr. Brannen for the Christian example he sets before us and we pledge to follow his leadership as we grow and continue the excellence of education at Andrew Jackson Academy.
