The junior class is a varied group of individuals who are not afraid to admit that school really is not their favorite thing! When asked what has been the best part of their junior year, many of the juniors responded, "only having one more year!" Nicole Crosby replied, "Being with your friends." Nic Godley's answer was more frank — "Absolutely nothing!"

It is not surprising that the juniors had more to say about their upcoming senior year. Chris Peters looks forward to the extra privileges the class will have while Bobby Collins is more interested in the senior cruise and participating in the football All-Star game. Jimmy Farish pretty much summed it up when he remarked, "I look forward to graduating." Don't worry, juniors, your time is coming!

Jay Toole lost playing football to a broken arm.
