

A Name At Last ... Freshmen

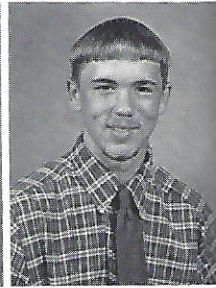

Brandy Farish likes leading her class academically.

Russ Kinarc
Josh Spitzer

It seems Brad Bailey would rather pose for a picture than do classwork.

The ninth grade or Freshman class is happy to finally have a name. It's so much better than just being a number!

Brad likes being a freshman because he will get his driver's license soon. Brandy, with her quiet self, has nothing to say and Tiffany just likes Fridays off. Russ likes to play sports because it gets him out of work and Josh mostly likes PE.

They all agree their favorite subject is science because they like to do the experiments.

The freshman class is well on it's way to being what AJA is all about.
