The third grade class is really better than it has to be. They have many things to boast about. The third grade class is the largest class in the elementary school, and they have great students

This has been a very rewarding year. We expect great things from each of these young people. There is great potential academically and athletically in this class.

They will help make AJA better than it has to be!

Let's take a little rest. Danielle Priester smiles pretty and makes you feel good to see her enthusiasm.
