

Amanda,

God has given you two precious gifts. The first gift is the gift of life. In life, walk forward, never backwards and if you stumble, pick yourself up and learn from that stumble. Never live in the past. Always look towards the future.

The second gift is the gift of dreams. Go after your dreams and reach for the stars. Don't let anyone take your dreams away.

We love you and know you will reach unbelievable heights. May God watch over you in your walk into the future.

Love always,  
Mom and Dad
