

Elizabeth,

Three days before Easter on March 28, 1983, you came into our lives. You were a little bundle of joy and we have watched you grow up to be a beautiful young woman. We have had many adventures during your seventeen years of life. I wish that they did not have to pass by so fast. Lizzy, you can do anything that you put your mind to do if you reach for the stars it will happen. We are very proud of you and have enjoyed you being a part of our lives.

We love you,
Mom, Dad, Colby
and Madeline

To a cousin who is special as can be. Unforgettable talks - toys, CD's, and then came boys. Sentimental moments have passed and you have grown up so fast. To the moon and stars; to stack of books and great laughs.

*Love always,
Kelly Houck and Family*
