

11th Grade

Juniors

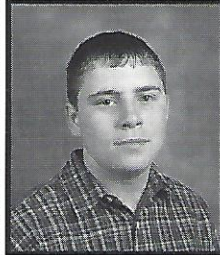

The class of 2003 are on their way to graduating. This class is made up of a large variety of students. Although there are only nine in the class, they are very unique. The Junior Class is very athletic. Lori has cheered, played basketball and softball for three years. She and Gordon, who has played football and basketball, are known as the most athletic. Pam and Natalie have both played basketball and softball for three years. Clayton has participated on the basketball team for one year, while David finds himself on the football field every year. Michael has played football for two years, going on three. Dustin, the new guy, tried basketball for the first time ever, and soon decided that he preferred watching from the stands. Kasi, who has the honor of being known as the quietest person in class, enjoys showing her talent with her good grades. Last but not least the class grew by one, Dustin, who enjoys riding his horse in the rodeos. We look forward to seeing him on television someday. They enjoy getting together on the weekends and going bowling. The class of 2003 says that they are more than ready to be Seniors.
