The eighth grade class is very energetic. Shelby and Kristan play softball, JV basketball, and they are JV cheerleaders. Randy, Richie, Kyle, and George also play sports. It has been said that Lawrence, the new guy, is very smart. Chris is the quietest, and Randy is the class clown. Karli and Brittany both like hanging out with their friends when they are away from school. If you ever need gum, just ask John. Everyone knows him as "The Candy Shop."

We wish the eighth grade class the best of luck as they begin planning for their futures.
