

FOOTBALL

The JV Football team consisted of eleven players. Their season started the first week in August when Coach Dave Clayton enjoyed torturing them with the exercise known as "Six Inches." They appreciated their supportive waterboys and cheerleaders. They went through some competitive games that were really painful but they recovered quickly. They played hard all season and came out with a few victories. Their only suggestion for next year is for Coach Dave to not be so strict. The JV team anticipates a very successful season next year.
