

John Avant, Janie Godley and Chris Long are enjoying life and the perks as sixth graders.

WILD. That's the only word to describe the sixth grade. They said they were going to "rock" high school next year.

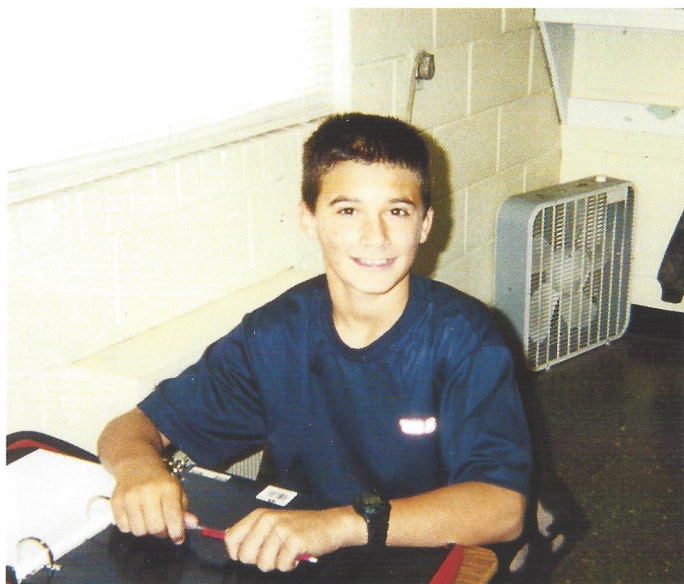

They enjoy hunting and basketball. They also enjoy riding four wheelers and TV. Ericka is considered the smartest and Michael is, well . . . Michael! John wants to be a farmer and Zac wants to be a mime.

There are many athletes in this class and they look forward to varsity sports.

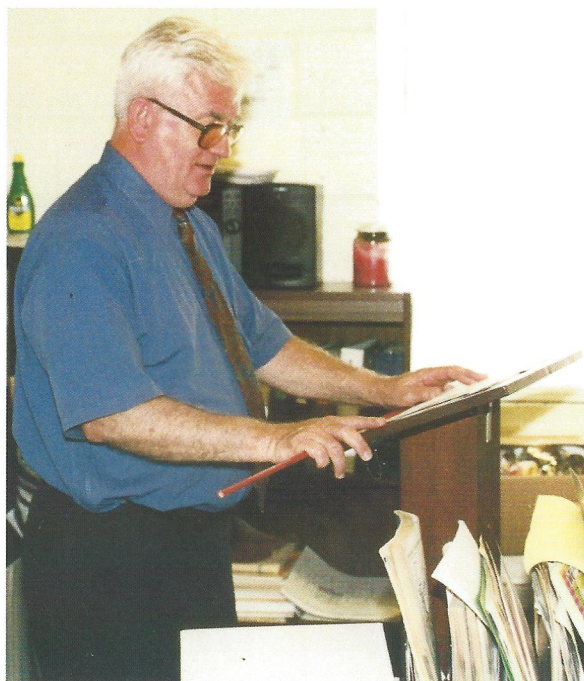

Their favorite music is rap and country. They enjoy recess at school.

Ericka Johns was chosen Grammar May Queen and Missy Driggers was chosen Maid of Honor.

Hang in there, sixth grade! See you in high school next year.

Watch out, girls, this cute guy is moving into high school next year. Mrs. Joette, here comes Chris Long. Be ready!

Mr. Kirk Mixson, sixth grade teacher, stands at the podium to give his class instructions for the day.
