

Rodney Hayden Bishop

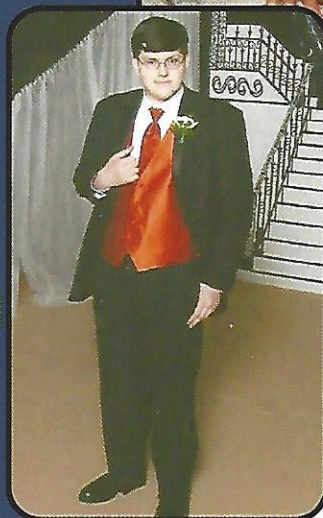

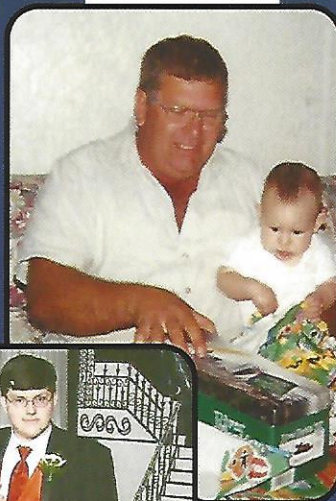

Rodney,

You have come a long way in your life. You've went from being a little boy to a very well rounded young man.

Always believe through the grace of God that all things are possible.

We are all so very proud of you.

Love,
Mom

Clint Herndon

Clint,

Where do I begin? You've had my back since day one. I've always tagged along behind you, following in your footsteps. You are not only my big brother, but you are my best friend! Nothing is going to be the same without you next year, especially these halls. Remember I'll always be here for you and put a little pep in your step!

I Love You!
Carey
