

Classes

Students attending Bells High School come from all sections of Colleton County School District No. 1. This year, for the first time, we are happy to have in our school sixty-four students from Ehrhardt.

At Bells a rich and varied program of studies is carried on. When a student enters the ninth grade he decides his program of studies for the full four years of high school. This selection may consist of either the college preparatory, vocational, or general program of studies.

Two types of diplomas are given, the State High School Diploma, or the Academic Diploma. Requirements for the Academic Diploma are greater and more rigid than those for the State High School Diploma.
