

Athletics

During the school year the athletic department of Bells High School endeavors to carry out a full program.

First, there comes football. There is the game, of course, but there are also the cheerleaders leading the cheers for the team, the band playing, homecoming with our queen and places of honor for the players' mothers. To top it off for the students there is a sock dance.

Basketball takes us inside. Many minutes of excitement are in store for both teams and the spectators.

Baseball comes as the weather warms up. The team may be victorious.

The Booster Club has helped to promote the school athletic program. One of the main events which is enjoyed and looked forward to by the players is the banquet held in the spring.

Bells High Athletic Department tries to build strong bodies and always to foster the ideals of good sportsmanship and fair play.
