

Home Economics students learn the fundamentals of machines, patterns, and sewing.

## *Future Homemakers Learn Basic Home Skills*

Students construct garments.

Mrs. Mary C. Summers  
Home Economics

Girls who plan a future in Home Economics learn the fundamentals of foods and cooking, sewing, home decorations, home improvements, home nursing, and first-aid in their home economics classes. Along with their class work, they have guided experiences performed at home. They are learning today to build better homes for tomorrow.
