The World's Most Popular Sport—

Do you know what the most popular sport in the world is? You are right—football! But you are wrong, it's not American football, it's English football. We know it in America as Soccer. More people play soccer than any other sport in the world. Soccer is usually played on a field 120 yards long and 65 yards wide. Eleven men play on each side. The object is to put the ball in the goal which is 24 feet long and 8 feet high.
