

Senior Class Trip

Our trip to the Bahamas was simply magnificent. The trip to Miami itself was worth much of the work we had to do in order to go. While on the ship to the Bahamas, and in the Bahamas, we received wonderful food and service. (There was just so much food!!!) The beautiful water and warm sunshine on the islands created a keen "vacationing atmosphere" for us. After returning to Florida from the cruise, we spent an enjoyable time at Disney World, which "topped" the whole trip off. All in all, the trip was an experience for us that we'll never forget!
