The purpose of the home economics department is to train young girls to be Christian ladies and homemakers of tomorrow. Major subject areas include grooming, cooking, sewing, and child care. "That they may teach the young women to be sober, to love their husbands, to love their children, to be discreet, chaste, keepers at home, good, obedient to their own husbands, that the word of God be not blasphemed." Titus 2:4-5

Industrious workers ...?

I'm afraid to look! Is it correct?!
