

# Chapel

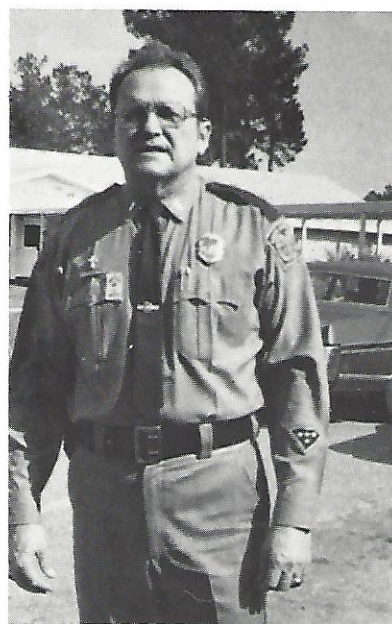

We have had some fascinating Chapel speakers for the year 1977-78. Even though all of them are not mentioned here, we certainly received a blessing from them.

Mark Register, a student at Bob Jones University, brought a challenging message to the young people about dedication and their influence upon others.

A S.C. Highway Patrolman presented a film about the damaging results of alcohol. The individual who drives "under the influence" is a great hazard not only to himself, but also to the innocent people on the highways.

The Trinity Christian Academy Chorus from Florida fellowshipped with us by sharing some testimonies and several songs.

Mr. Miller became a Christian in August, 1972, at the age of 30 from a past of drug addiction, witchcraft, and rock music in which he was a professional drummer and singer for a professional rock band. After his conversion, he entered Bob Jones University and finished the Institute of Christian Service in 1976. Mr. and Mrs. Miller are now missionary appointees to Vancouver Island, British Columbia, Canada. We really did appreciate Mr. Miller's testimony.
