TRACK

Our first year in track got off to a good start on our own track. The track was constructed solely on the efforts of interested boys. It consists of a 440-yard oval and a 100-yard straight away. In the infield were the Discus and Shotput rings along with the High Jump and Broad Jump pits.

In our first season we defeated Camden High, Midway, Blythewood, Dentsville, and Sumter. We were defeated only by Wingate Junior College, Brookland-Cayce, and Orangeburg. We placed fourth out of a field of nine at the Florence Invitational Relays.

The home track meets were well accepted by the Corps of Cadets. Track has found a home at the academy with its first successful season, and since eight lettermen will return, we should have another enjoyable year on the cinders.

Our high-hurdles trio in action.

The speediest men form our 880 relay team.

Our highly successful mile-relay team.
