

In Memoriam

JAMES LEE BRIDWELL

Academy Cadets were grieved upon hearing of the fate of a very close friend. Jimmy had received the citizenship award at his graduation in June of 1960. We will remember this, his last moment with the entire Cadet Corps, as fitting. He was distinguished from the graduating class to be given this token of his friendly spirit, his cooperative attitude and his willingness to work for others.

Every boy affected by his life here at Camden grew through his daily contact with Bridwell. We know that he lived for a purpose and that purpose was found here at the Academy.
