At the beginning of each school year, all new boys are placed in the Recruit Company. These new cadets are prepared for the day in October when they will be assigned to the Battalion companies. The responsibility of preparing these boys for this day falls on the Training Cadre. This group of boys is picked at the end of each year by Captain Beckham to assist him in September. They were selected for their leadership, their willingness to work, and their proficiency in military drilling.

The Training Cadre did an excellent job in orienting the new boys to their new school. A very hard job was well done by this very select few.
