

"Now where did I put those copy sheets?"

"Oh, me, . . . toil and trouble."

## ANNUAL STAFF

"Ayer after working all night."

"We WILL finish the annual."

Our Photographer—  
Flashbulb Charley

Putting an annual together requires considerable time and effort, and an annual staff must give their labor freely. The long hours, shattered nerves, and hard work is all worthwhile, however, when the annual is finally complete.

We of the annual staff hope that the 1969 **EXCALIBUR** will bring back fond memories of Camden Military Academy in the years to come.
