As the graduating class of 1969 leaves, the class of 1972 steps up one more space in the never-ending cycle. Soon, it will be our turn, but now we have a big responsibility and we must put first things first.

Right now, we have to think about the present. There will be lots of heartaches as

well as breaks lying in the few years left ahead. It will be like an obstacle course that we must conquer. We will have to take each step of the road, never stopping to think about anything that would keep us from reaching our goal.
