It has been the primary concern of the **Adjutant** staff to report factual and concise news to you throughout the year. The **Adjutant** Staff hopes that it succeeded in this task. The staff feels that it has left a heritage of good news reporting behind it and it was intended this year to give the subscribers of the paper a wider scope of events. They also wanted to leave the school with an established paper for forthcoming news. We salute the senior members of the **Adjutant**.
