SWIMMING POOL STAFF

No athletic program would be complete without the inclusion of an adequate swimming facility.

Here at C.M.A., especially during the warm months, the pool is a welcome respite from the day's grueling activities. The pool is one of the most popular spots on campus.

Guardians of the deep, the swimming pool staff must be ever on the alert for the time when an overly-exuberant cadet might overtax himself. When and if this happens and a HELP!! is heard, it is, "guards to the rescue."
