FINE ARTS

This club is primarily for those cadets who have a particular knack for creativity. Many facets of artistic endeavors are pursued.

There is a general meeting once a month. At this time itineraries are planned, projects are discussed, and club business is taken care of.

Ceramics, oil painting, handicraft, sculpturing, and other points of fine art are among the many projects undertaken by this group.

Assisting Capt. Vandegrift with this organization are Mrs. White and Mrs. Risher. Throughout the year, trips are taken to various museums and art exhibitions.

Fine Arts visited by parents during open house.
