

A birds-eye view of C.M.A.

## FLIGHT CLUB

This small group of "air" minded young men utilize their spare time soaring among the clouds. Aerial photography is one of their many accomplishments (see picture to left). Cadet Wald captured some good shots of C.M.A. as seen from the air.

Major Beckham devotedly advises this group of future pilots.

LEFT TO RIGHT: Ron Wald, Bob Murphy, Don Landis, and Mike Stokes (not appearing, Don Adams).
