

As the '72 school year comes to a close, we the senior class would like to express our appreciation to those who have helped us through our career at Camden Military Academy. Through many trials and errors . . . ACT . . . SAT . . . deciding which college to choose . . . what we will do with our lives in the future. To the faculty and administration we owe many thanks for their guidance and help in matters that were beyond our reach. It is for this we again say, "Thanks!"

ROBERT R. NORTHCUTT,
President
