

# Spirit of "76" Excalibur Staff

The Excalibur Staff

The Staff in Action

Frank Crenshaw, Our School Photographer

Producing an annual is a lot of hard work. It's a lot more than just taking pictures and pasting them on paper. Pictures must be taken, layout sheets turned in, copy sheets drawn out, pictures stamped and tagged, and copy written about each activity. This takes a lot of hard work, which is done by our staff in spare time and late at night. For the time they spent I would like to give my thanks. I would also like to say thanks to Pete Adelman who was always around and did my share of the work, as well as his when I had other obligations. There were also a lot of people who weren't of the staff who deserve a lot of credit for the help they gave us. Those people are: Cadets Lewis, M. N., who did all our typing; Carter, H. V. and Durham, who did all of our drawings; and Bentson, B. F., who did all our lettering; last but not least, our faculty advisor, Major Roy Vandegriff, without whose help we would never have completed the annual. He was always around to help solve impossible problems and the times when we felt like quitting, he provided us with just the right words to get us going again, plus all the free time he spent with us and all the headaches he suffered as the deadline approached. I owe him a special thanks. For most of you this is just another *Excalibur*, but for 36 seniors this is their last, and to each and every senior I would like to wish the best of luck and I hope that all your plans for the future become reality.
