

Library Staff

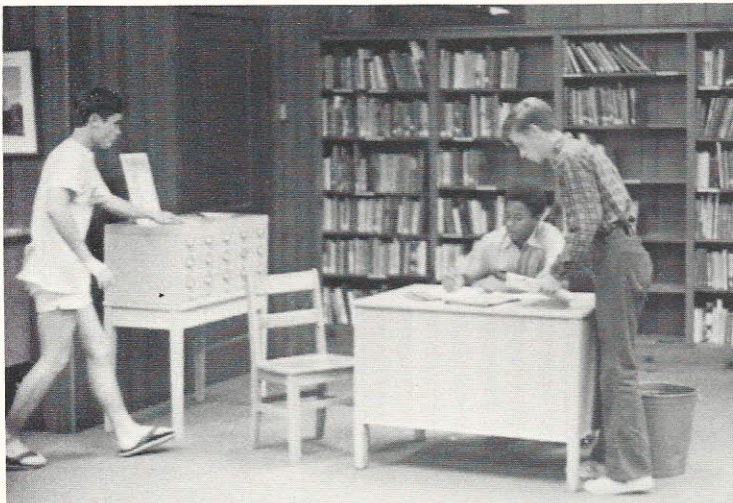

This year's library staff with our librarian, Mrs. Dallas.

At CMA's library, staffed by Mrs. Anne B. Dallas, cadets may check out books, research reference materials, or browse. Mrs. Dallas is in charge of the library during the day, while at night during study hall, cadets on library staff hold the facility open. Staff members help cadets find books, maintain order, and keep the library in top condition. Cadets who sign up for library work learn to use the library to their advantage and earn merits for their work as well.

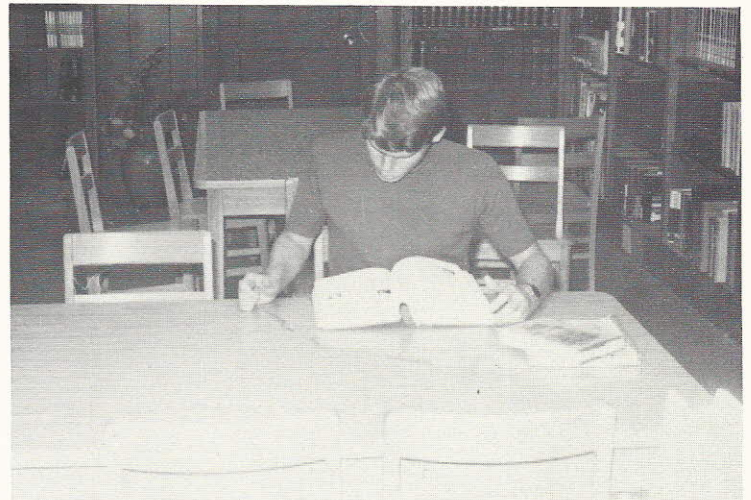

In the stacks are a wealth of references to which Mrs. Dallas constantly adds new books each year. Besides shelves of varied fiction works, are available newspapers, magazines, and films.

Mrs. Dallas serves a double duty as our librarian and acts as "teller" for student bank money.

Our library is open during our evening study period for use by the cadets.

Rick Whittle does a bit of extra study during the afternoon.
