BOOGIE-ING

CMA's Dance Committee has one of the hardest jobs on campus. The gym is a much-used campus facility. As a sports activity concludes, dance committee often has only six hours to transform the gym into a dance hall, and often have even less time to tear it all down. Hard work though it is, it all pays off as cadets, dates, faculty, staff, parents, and friends get out there and express themselves on the dance floor.

Dancing can make you hungry.
