NETMEN RECORD 7-12 SEASON

Wins increased as season progressed.

Fifteen players comprised the Varsity Basketball Team, a well-rounded group of determined athletes. The squad racked up a 7-12 season record with the final game against Washington Avenue Christian School for the Palmetto Athletic Conference championship ending in a four point loss in double overtime.

"Center" of attention throughout the season was Kevin Taylor with an outstanding average of 18 points per game. As the scoreboard indicates, the Spartans got off to a slow start, but as the season progressed, wins increased. Heartbreaking though the final game loss was, players functioned as a real team in that contest and virtually every member of the corps was on hand to cheer.
