TOUCHDOWN!!!

The armor of the Spartans shone in the sun as the CMA football team fought their way to a winning season. Although the record did not reflect a winning record to the common sports lover but as a team, the Spartans learned and experienced what it takes to be winners. Even when the mighty warriors of the great Spartan era in Greece lost to the Persians, the camaraderie and esprit held among the members of their nation, made them stronger than ever before. The same held true for our Spartans this year as thirty young men molded themselves into a team of winners.
