

# SPARTAN BASKETBALL

The 1987 Spartan Basketball Teams are having rebuilding years which is a hard job considering the tough and long schedules that they faced this season. Both the varsity and JV squads lost key players during the semester and new players came in and did a remarkable job adapting to their new team and coaches' ways of playing. There were many close games in which our Spartans came out victorious. The Spartans feel that next year will definitely be more successful.
