

# Evil "A"

"Evil 'A'" is a traditional and now most often used appellation for "A" Company. Company member David Yurkiewicz sums up his feeling: "I live in Alpha Company and love it. I wouldn't leave it for anything. Located conveniently to classes, mess hall, football field and gym, first year senior William Prestidge describes his unit: "'A' Company has more company spirit than all the other companies combined." Senior Jon Guerry says, "We try to instill in every person who lives in Alpha Company a sense of belonging and pride."

While reaching for their goal of Honor Company, leaders prove to their men that they are needed and counted on.
