

Varsity Nets CAA Championship

For the second season in a row, Coach Eric Boland's Varsity Spartans won the Carolina Athletic Association championship. Playing in an up-tempo style and using a half-court trap and a 1-3-1 defense, the Spartans were a high-scoring unit, with two games reaching the century mark.

Of course, a team depends upon the talents and drive of its individual members, and this year's varsity was blessed with some outstanding players. Steve Plageman, a Postgraduate, showed himself to be a super ball handler and a great shooter. Sam Bryant, another Postgrad, demonstrated both inside and outside shooting ability and distinguished himself under the basket as well. Seniors David Price and Mike Isom provided major sparks to the Spartan effort through their scoring and rebounding talents. The team also made fine use of Junior Chris Way's aggressive defensive playing and his very fine ball handling, while Sophomore Lewis Barnes added his talents as an inside scorer and rebounder, and Sophomore Jeff Gordon added his hustle.

It was a very rewarding season.
