

# Spring sports bring out the best in us

Spring is an exciting and busy time at CMA. Nowhere is this more evident than in athletics. So many sports are offered that cadets often have a hard time choosing which one to try out for. From early March to early May the fields and courts are alive with action, and the long afternoons ring with the shouts and sounds of teams at play. All spring the vans are kept busy shuttling players back and forth to places like Asheville and Hilton Head

and Pinehurst. In addition to the team sports, about a dozen cadets completed a basic course in scuba diving as part of the afternoon activity period, and a number of others competed in the spring survival run, a 5-mile course through the woods near the academy. All in all, it was a busy spring!
