Dance pictures are a longstanding tradition at CMA. Aaron Clapp and date Ellen Byrd pose for theirs.

Slow dancing will never go out of style. Just ask Andy Pitts and date Tara O'Connor.

Line dancing has become very popular in recent years. Several cadets and their dates do the "Electric Slide."

FIRST DANCE

This year's first dance was held on Visitors' Weekend, and it was a notable success. The Dance Committee, sponsored by CPT Ferjani, has dedicated itself to providing more colorful and interesting decorations in the form of streamers, banners, balloons, candles, and real flowers. It is also serving a greater variety of refreshments, including a different punch. One particular goal is to encourage participation on the dance floor by playing more slow songs and more danceable music. Judging from the enthusiasm of those attending the first dance, the committee is succeeding.
