Harry Bohlander is the youngest Spartan runner.

Senior David Cook competes in his final year at CMA.

David Moore received this year's Coach's Award.

Starting later than other teams every year, CMA's crosscountry runners have a distinct disadvantage, but the 1993 Spartans had much to be proud of. With ten participants, they fielded their largest team in recent history. Usually finishing toward the last, they moved their times toward the middle categories this season. Overall, this has been the most successful crosscountry team in many years.
