

ACADEMICS

Redefining Academics

Education will always be the priority at Camden Military Academy. Complemented by military training, the academic environment at CMA has a bonus component to instill discipline and to control use of time. The Academy is constantly fine tuning its academic program to meet the needs of all students. Recent innovations are honors classes in ninth and tenth grade English, ELP mathematics classes, an expanded curriculum in SAT preparation, and—for the first time ever—a summer session.

LTC Kelly R. Schrader has served at CMA for fourteen years. For the last eight years he has been Academic Dean. He holds bachelor's and master's degrees from the University of South Carolina.
