

A Company

A New Spirit

Led by CPT Larkin, 1LT Uehling, and 2LT's Mathias and Lynn, Alpha Company jumped off to a quick start in 1995. Demonstrating their positive motivation and their hard work, A Company won the first parade of the year. The newly renovated barracks has brought out the brighter and more spirited side of all cadets in the company.

But military success is not all that Alpha can point to with pride. Studies have been a top priority as well. The consistently high study hall ratings and the outstanding academic achievements earned by the cadets show the dedication that is present in all who call Alpha "home."

A new spirit, dedication, and hard work are Alpha's hallmarks. With the insightful advice and able assistance of LTC Paul Cook, the cadet officers and NCO's are leading the company to another successful and memorable year.
