The Future of Activities

Through a cooperative effort with the Kershaw County Fine Arts Center, a number of cadets participated in chorus this year, and other artistic ventures are in the offing. Camden Military Academy continuously evaluates its activities program to make certain that it fits the needs of all cadets. In addition to the numerous clubs and organizations for which there is a need or a demand, CMA offers intramural opportunities in virtually every popular sport, and competition among the companies is spirited. Model building attracted particular interest this year. The CMA activities program will always remain flexible and innovative.
